VOLUME XLIX — UKIAH CITY, MENDOCINO COUNTY, CAL., FRIDAY, MAY 25, 1917 — NUMBER 33

MANY NEW CASES FILED THIS WEEK IN LOCAL COURT

Through Keith C. Eversole, Mrs. Teresa Borgna, of Mendocino, has filed a suit in divorce against Joe Borgna, alleging desertion. The couple was married at Elk in 1904 and there are four minor children, of whom the mother asks the custody.

Through Attorney Geo. E. Redwine, Edna May Williamson has filed a petition for letters of administration de bonis non with the will annexed on the estate of Charles De Roy Morgan, deceased. The estate of the deceased has been already administered by the public administrator in behalf of the heirs, but lately two wills have been found, and as Miss Williamson is named as legatee in the latest of these, she has filed her petition for letters of administration. She had previously filed an objection to the estate being distributed, claiming the whole of it for herself. According to her contention Morgan had promised her that if she would come and take care of him through his declining years, he would deed his property to her when he died. She abandoned her plans for an education and complied with the old man's wishes. She had always understood that there was a will in her favor, but it could not be found at the time of his death, and hence she brought suit to have the property given to her by the courts. he other heirs have contested her claim and no doubt will also contest the legality of the will. Attorney Redwine gained the first victory in court for his client, Miss Williamson, the past week when Judge White denied the petition of the attorney for the other heirs for a change of venue to Alameda county. The contest will develop into considerable of a legal battle. An alameda law firm is representing the other side.

Through Thomas & Thomas, David Squires has filed a petition in foreclosure against Kate G. Johnston and Ed O. Johnston seeking to recover $1500 principal and various smaller amounts due as interest, etc., and $150 attorney's fees. The note is dated at Ukiah, Feb. 25, 1916, and bears interest at 8 per cent compounded semi-annually. The property involved is a lot on Perkins street.

Through Preston & Preston, Ada Viola Burgess has filed a suit in divorce against Albert Burgess, alleging desertion. The couple was married in Ukiah, April 21, 1895, and there is one minor child, of whom the mother asks the custody.

WESTPORT MAN INJURED IN LOGGING WOODS

Fort Bragg, May 22.—William Standley, a well known young man of Westport, had a narrow escape from being killed, when he was struck by a log in the Glen Blair woods Saturday afternoon. Two bones were broken in his right leg below the knee, and two more were fractured in his right hand.

The accident occurred when a log, which was being pulled in by a donkey, hit and broke off a small oak tree. In falling, the tree hit Standley and threw him in the path of the oncoming log.

He is reported getting along as well as can be expected.

WILLITS WALLOPS TIGERS

The Talmage baseball team went up to Willits last Sunday and crossed bats with the Willits team. It was a very good game and both teams were about evenly matched. Up to the second half of the ninth inning the score stood 3 to 3 and Willits then made one, which gave them the game.

Married—In Ukiah, May 22nd, by Judge Hurley, Henry Hackett, and Bertha Grace Glenn, both of Cummings.

LAST MEETING OF KOSMOS WITH MRS. LILY TOWLE

The Kosmos club held its last meeting for the year Tuesday, May 22nd, at the home of Mrs. Towle, near Talmage.

This country place, known as the McClure ranch, so remote from the world—a veritable little valley of its self, tucked in among and walled around by the hills and trees, and yet so surprisingly close—has long been famous for its great natural beauty.

On Tuesday morning, at eleven o'clock, when the Kosmos guests arrived, it looked very beautiful. Before the visitors were even aware they had arrived at the McClure ranch, this inclosure with its stately home, cultivated fields and glowing hills, its cheerful stream and restful trees spread out before them, invitingly, and dreamily in the soft warm sunshine of this bright May day which partook of the rareness of a day in June.

After reconnoitering and exploring the beauties of the place with an utter relaxation that comes from such a country environment, some of the club felt they did not care whether school kept or not, but business is business, and after partaking of a bounteous and delicious luncheon served indoors at daintily appointed tables in the beautiful dining room of the hostess, guests repaired to the parlor, where the business session was held.

The business meeting had this to distinguish it—it was the last of the year and there was a retrospection of the year's work and installation of officers for the coming year. Looking back should leave no regret in the minds of the officers of the club who did their best and accomplished much, leaving in the hearts of the rest appreciation for their faithful service.

The only literary number was an excellent paper prepared and read by Mrs. Puett, on the subject of "Property Rights of Women," a subject which always elicits surprise and indignation. This was one of the best papers of the year.

Mrs. Towle was assisted in entertaining the club by her sister, Miss Berdie Ganter, and by Mrs. Anna Cranz, and the day closed with best wishes for the incoming year and with a great sense of pleasure at having spent this delightful time at the Towle home.

FORT BRAGG BOYS ANSWER CALL OF COUNTRY

Fort Bragg, May 24—Ermine White, Ray Nelson, Ronald Arverson and Fred Aylward, four sterling young men of Fort Bragg, have responded to the "call to the colors".

Ermine White has signed up with a Masonic relief unit being formed in San Francisco by John McNab, for service in France. There are 91 men in the company, and it will cost $15,000 to equip same and put it in readiness to be turned over to the government. White expects to be on his way to France within two months.

It is reported that Ray Nelson has entered the quartermaster's department of the army. He will drive an auto.

Fred Aylward has signed up with a Red Cross unit being organized by the University of California, and also expects to be steaming toward France within two or three months.

Ronald Arverson has enlisted as a yeoman in the navy.

MARRIAGE LICENSES

Marriage licenses were issued the past week to the following couples: Henry Hackett and Bertha Grace Glenn, of Cummings; Geo. M. Dane and Sarah M. Conger; Chas. W. Sagehorn, of Willits, and Helen Lillian Coble, of Potter valley; Alfred Charles Weddle and Velma L. Fish, of Covelo; John Domnick O'Donnell, of Navarro, and Etalka Lurline McArthur, of Comptche.

Mrs. Arnold Clow, of Christine, and Mrs. Frank Dunn, of Comptche, were Ukiah visitors the past week.

CONSCRIPTION BILL CALLS FOR ALL MALES FROM 21 TO 31

In accordance with the conscription bill recently passed by Congress, President Wilson has designated Tuesday, June 5th, 1917, as registration day when every male between the ages of 21 and 31 must present himself to the registration officer in his precinct and register. The law requires that every male resident of this country register regardless of his citizenship, nationality or color, who will have passed his 21st birthday by June 5th and who has not passed his 31st birthday by that date. There are no exceptions, either by reason of physical disability or exemption, except those who are already in the naval or military service of the United States. The duty is upon the individual to register and a heavy penalty is provided for failure to do so, the punishment being imprisonment without the alternative of a fine.

Upon registering, all persons will be furnished with a registration certificate and as it is made the duty of all peace officers to verify the registration lists a person may be called upon at any time to produce his certificate. It will therefore be advisable to keep the certificates where they will at all times be readily available.

Under the system inaugurated by the War department all persons between the above ages are to register in their respective voting precincts on registration day, with a few exceptions. Registrars for this purpose have been appointed and a complete list for this county will be published before that time. The registration places are in most instances to be the polling places usually used in each precinct for elections, and in some of the precincts there will be two or more registration places. The registration places will be published with the list of registrars.

One of the exceptions mentioned in the above paragraph is the absentees; that is persons who will be absent from their voting places on registration day. These persons may register under the following rules: Present yourself immediately to the county clerk at Ukiah and he will accept your registration and will give you instructions as to what to do further. Under the instructions of the War department and of the State Registration Bureau it is necessary that absentees register in person before the county clerk. Registrars in the various precincts have no authority to accept absentee registrations and if one of this class fails to register immediately and waits to register on registration day with one of the local registrars he will be subject to punishment for failure to register.

In the case of persons who will be prevented on account of sickness from registering on registration day the law provides that such persons must designate some competent person to appear for them before the county clerk prior to June 5th, and the county clerk will then take the necessary steps to register the sick person by appointing the person appearing and authorizing him to register the invalid. This will be done as soon as it becomes apparent that the invalid cannot register in person.

The registration booths will be open on registration day from 7 a. m. until 9 p. m., and at each booth there will be posted instructions and explanations covering the questions to be answered. Persons subject to registration should read these posters before presenting themselves to the registrar.

REMEMBER THAT ALL MALE RESIDENTS OF THIS COUNTY BETWEEN THE AGES OF 21 AND 31 MUST REGISTER ON JUNE 5TH.

NIXON VS. RAMSEY CASE IS DECIDED

The case of Mrs. Kate Nixon as administratrix of the estate of Senator Nixon vs. Mrs. Elsie Ramsey, administratrix of the estate of Harry Ramsey, was finally decided in the superior court this week, when Judge White rendered a decision to the effect that there was no cause of action and dismissed the case.

Mrs. Nixon is the widow of the late United States Senator Nixon, of Nevada. The case was instituted by her to collect on several notes aggregating about $25,000, which Ramsey owed Nixon from a period when the two had been associated in a mining deal.

The original case was tried before Judge Seawell, of San Francisco, who decided that the statute of limitations barred the action. Later the attorneys for the Nixon estate discovered some letters which they believed would alter this ruling and brought a second suit before Judge Sturtevant, of San Francisco. The case was transferred from there to the Mendocino county superior court and has been pending for several months.

Preston & Preston, Mrs. Ramsey's attorneys, are naturally proud of their victory.

STEAMER ALCATRAZ WRECK GIVEN UP TO NEPTUNE

Greenwood, May 22—The salvaging of the steamer Alcatraz, ashore on the Greenwood beach, was given up as a bad job Saturday afternoon. At that time the vessel broke in two under the strain of a tow line from the National City.

Rough weather since Saturday, caused by a heavy north wind, has pounded the old hull into pieces, most of which have washed up on the beach.

Present reports are to the effect that no attempt will be made to pull the machinery out of the sand.

CONTEST IS ON IN YOLO WATER CASES

The case of the Yolo Water & Power Company vs. Emma Crowell was up in the superior court this week for settlement of the records which are to be used on appeal.

It will be remembered that a jury in the local court gave a verdict of about $26,000 when the company sued the defendant for condemnation of her lands, which are to be taken by reason of the operations of the company in damming Clear Lake in order that the water may be used for an irrigation project in the Sacramento valley. The company decided to appeal the case. Preston & Preston, who are representing Mrs. Crowell, have raised the point of dilatoriness on the part of the company in preparing its records on appeal and are asking that the appeal be dismissed on this ground. Thomas & Thomas, who are representing the company, have been granted ten days in which to file points and authorities and the defendant was given five days in which to file an answering brief.

Supervisor Frank Reynolds came over from Point Arena the latter part of last week to attend a special meeting of the board.

CONVICTS MUST FINISH STATE HIGHWAY

Willits, May 22.—Fifteen more convicts were brought up from San Quentin last Monday to work on the state highway north of Cummings. Convicts may have to finish the road, as it is now almost impossible to get common laborers and wages are going up all the time. Contractors do not like to bid on work with a rising scale of wages staring them in the face, and when the bids are called for on the new work between Willits and Cummings they will probably be considerably higher than they ever have been before.

PIONEER MARTHA WILLIAMS DIES AT LAYTONVILLE

Laytonville, May 21—"Grandma" Martha Williams died at the home of her son, John Williams, May 16th, at the ripe old age of 90 years. The funeral services were held May 18th.

The deceased was born in Tennessee, August, 1827. She was married in Kentucky, and with her husband and family crossed the plains in 1862. They first located at Lakeport, where they lived a year and then moved to Butte county. In 1866 the family moved to the Ukiah valley, where they lived until 1868, when they moved to Cahto, which was then the metropolis of northern Mendocino county.

Mr. Williams died in 1884. They had six children, five of whom are living. They are: Mrs. J. H. Babcock and Mrs. P. H. Hardin of Willits, Mrs. M. V. McAninch of Petaluma, and Mrs. John Dill and John Williams of Laytonville. Besides these she leaves eighteen grandchildren.

Gramdma Williams was one of those old-fashioned motherly women that had the love and respect of everybody who knew her, and a better mother and more faithful friend never lived. She had been a member of the Methodist church for more than fifty years and she lived her religion every day of her life.

Rev. W. W. Breckenridge, who has been studying law for several years, last week was granted a degree as Doctor of Jurisprudence by the University of California. Mr. Breckenridge's many friends are tendering him their congratulations on his success.

MUCH BENEFIT ACCRUES FROM "BABY WEEK"

Baby week has come and gone, and, inthe estimation of those most interested, was a great success. A great deal of information as to rearing children in the best way was disseminated through many avenues of publicity and the committee which worked so hard feel much good was accomplished.

The baby clinics at the Langland hospital were popular, twenty-nine children receiving the thorough physical and mental examination prescribed by the American Medical Association. Many defects, especially diseased tonsils and adenoids were revealed, which the interested parents will no doubt take steps to have remedied. All our local doctors gave their services for the clinics.

Mr. Davis gave the use of his theatre on Friday afternoon for a free showing of films and slides on health and sanitation subjects. These were furnished by the State Board of Health and covered the subjects of milk pasteurization, harm done by the filthy fly, etc. On Saturday evening, between shows, Dr. Van Allen, local health officer, made an excellent talk on contagious diseases and how they may be checked or prevented. He placed special emphasis on the prediction of the medical world that hot weather will bring a return of the much dreaded infantile paralysis, and urged all to co-operate with the board of health in cleaning up Ukiah, that no abiding place may be offered to the filthy carriers of germ diseases. His talk was illustrated by slides, some of which were of local scenes and which were furnished by Mr. Thorne. Of particular interest to the school children were the pictures of the grammar school May-day fiesta.

The committee wishes to thank the doctors and nurses who gave their services in the clinics, to Mrs. Langland for the use of her hospital, to Mr. Davis for the use of his theatre, to the merchants who joined in the movement by appropriate window displays, to Mr. Thorne for the slides prepared by him, to Mr. Thomson for the kind offer of a dozen photos to the child with the highest score, and to the newspapers for the publicity given the work.

Died—In Ukiah, May 24th, Asa C. Tracy, a pioneer of Mendocino county, aged 84 years. He was a native of Mercer, Maine.

CLELAND CHARIVARI CARRIES AFTERMATH

When the charivari which visited Hirschel Cleland and bride, as told in last week's Dispatch, had deposited a wagon load of tin cans and other junk on his lawn, and had eaten and taken their departure, litt eldid they dream of the aftermath that was to be. However, Cleland collected the rubbish carefully, saving every piece of tin. The reason for his care was considerable of a mystery for a few days, but is so no longer, for, lo, he who passes the residence now is greeted by the sight of a bran new automobile, and it isn't a tin Lizzie either, but a "bearcat" of a handsome Mitchell.

NEWS OF WEEK AT GUALALA

Gualala, May 17.—Everyone is calling for rain, which is so badly needed on al vegetation. The northerly wind continues to blow, which will very soon cause everything to dry up and all of our labor of planting and sowing lost, unless the much needed rain comes this way. This is the universal cry from every one of the farmers along the coast. All are fearful of a few more upward bounds of all food stuffs, and unless our gardens are a success times will be much worse and the high cost of living more of a problem than before. All one can do is hope and wait.

Mrs. John Lowrey has been quite ill in her home in Gualala the last few weeks.

A social dance was given in Gualala hall by Mr. Carl St. Ores Saturday night, and said to be a very pleasant affair. Music was furnished by an accordion player from up the coast.

The steamer Newberg came into Fish Rock for a cargo of ties and posts the 14th and sailed for southern ports the 16th.

Mrs. Lampkin, Sr., and her little grandson, Floyd, were callers on the Johnson ridge Sunday last, visiting Mrs. Atley Bowles.

Mr. George St. Ores was visiting around the neighborhood the 16th, taking lunch with Mr. and Mrs. Smith, of Loma Vista, and then calling at the home of Mrs. Lampkin on his return home. Mr. St. Ores is a remarkable old man for one of his age—able to climb these mountain roads as briskly as a boy of 15. He is always a welcome visitor in any of our homes.

School vacation is soon to be here and many are looking forward to the time when books will be put away for a few weeks and all will enjoy the freedom of the vacation. Teachers as well will be glad of a few weeks' vacation and rest from school work. Miss Wallach expects to spend her vacation in Boonville with her parents. Her father is to drive over in his car after her, which makes the trip home so much more pleasant across the mountains in private conveyance.

A dance is to be given at Stewards Point Saturday, the 19th. With the modern way of traveling we now enjoy the distance of a few miles, which adds pleasure to the other enjoyments for the young people.

Since writing the above we have had a light rain, with indication of more.

What Is It to Be at the Victory May 30th

We will tell you.

This is a pageant representing all of Uncle Sam's adopted children, dressed in their native costumes. It was written expressly to be presented during the P. P. I. E. of 1915, and at that time was coached and presented at the Greek theatre in Berkeley, and in San Francisco, by a special trainer, a lady who was sent out from New York for that purpose. You who were not fortunate enough to see it at that time will now have the privilege for the small sum of 25 cents; children under 12 years, 10 cents. There will be more than sixty characters, besides a large chorus.

If the ticket sellers fail to reach you, you may pay at the window. Evening of Memorial Day, at 8:20.

Proceeds to be used for the education and uplift of Uncle Sam's Latin-Americans.

MISS RUTH WILSON ENTERTAINS YOUNG FRIENDS

Miss Ruth Wilson was hostess at a very pretty party for the younger set Saturday evening, and the handsome home was decorated in pink and green—pink sweet peas and pink roses being harmoniously intermingled, and the lighting scheme was also in harmony, pink crepe being garlanded from the electroliers, which shed rays of the prevailing colors. The young ladies wore costumes of these shades, and the scene was like fairyland.

Games, music and dancing were enjoyed until a late hour, when an elaborate supper was served, and the table was handsomely arrayed in the color scheme. A large pink birthday cake adorned the center of the table and ribbons led from it to pretty hand-painted place cards.

Jake Garner came over from Upper Lake yesterday on business.

Under the supervision of Miss Grace Reid the Ladies' Missionary Society of the Christian church are going to put on a Pageant at the Victory Theatre on the evening of Memorial Day, May 30th. This beautiful Pageant was given at the Greek theatre in Berkeley during the 1915 Exposition.

Harry Beard, of Dos Rios, was in Ukiah the latter part of last week on a short business visit.

C. J. Mathison was registered in town from Navarro this week.

UKIAH, CALIFORNIA, FRIDAY, MAY 25, 1917

WILSON GIVES SOUND REASONS FOR REJECTING "ROOSEVELT ARMY."

President Wilson has declined to sanction the raising of the "Roosevelt army." In making this decision the president set forth his reasons at some length, and a perusal of his statement shows that his reasons are sound ones and are dictated by regard for the best interests of the United States. His argument is unanswerable. He said:

I shall not avail myself, at any rate at the present stage of the war, of the authorization conferred by the act to organize volunteer divisions.

To do so would seriously interfere with the carrying out of the chief and most immerdiately important purpose contemplated by this legislation, the prompt creation and early use of an effective army; and would contribute practically nothing to the effective strength of the armies now engaged against Germany.

I understand that the section of this act which authorizes the creation of volunteer divisions in addition to the draft was added with a view to providing an independent command for Mr. Roosevelt and giving the military authorities an opportunity to use his fine vigor and enthusiasm recruiting the forces now at the Western front.

It would be very agreeable to me to pay Mr. Roosevelt this compliment and the allies the compliment of sending to their aid one of our most distinguished public men, an ex-President who has rendered many conspicuous public services and proved his gallantry in many striking ways.

Politically, too, it would, no doubt, have a very fine effect and make a profound impression. But this is not the time nor the occasion for compliments or for any action not calculated to contribute to the immediate success of the war.

The business now in hand is undramatic, practical and of scientific definiteness and precision.

I shall act with regard to it at every step and in every particular under expert and professional advice, from both sides of the water.

That advice is that the men most needed are men of the ages contemplated in the draft provision of the present bill, not men of the age and sort contemplated in the section which authorizes the formation of volunteer units, and that for the preliminary training of the men who are to be drafted we shall need all of our experienced officers. Mr. Roosevelt told me, when I had the pleasure of seeing him a few weeks ago, that he would wish to have associated with him some of the most effective officers of the regular army.

He named many of those whom he would desire to have designated for the service and they were men who cannot possibly be spared from the too small force of officers at our command for the much more pressing and necessary duties of training regular troops to be put into the field in France and Belgium as fast as they can be got ready.

The first troops sent to France will be taken from the present force of the regular army and will be under the command of trained soldier only.

The responsibility for the successful conduct of our part in this great war rests upon me. I could not escape it if I would. I am too much interested in the cause we are fighting for to be interested in anything but success.

The issues involved are too immense for me to take into consideration anything whatever except the best, most effective, most immediate means of military action. What these means are I know from the mouths of men who have seen war as it is conducted, who have no illusions, and to whom the whole grim matter is a matter of business. I shall center my attention upon these means and let everything else wait. I should be deeply to blame should I do otherwise, whatever the argument of policy or personal gratification of advantage.

UKIAH HIGH SCHOOL NOTES

(By Ross Ryder)

At a student body meeting held last Monday it was decided to have a school picnic on June 8th. Just where the festivities will be held is as yet undecided, but the place must be well within walking distance, which for most of us is not more than a mile or two at the most. There are numerous cars belonging to various members of the student body which might be had for the trip, but it is a pretty safe bet that those cars would not be used except by hte chosen few called in by each owner. The last lyceum program of the year, staged under the direction of Miss Dyer, will be one of the attractions of the day.

Next Wednesday being decoration Day there will be no school. Since the nation is engaged in a great war, and since the outlook is anything but joyful, the governor of this state has asked that the day be celebrated, not by picnicking and Bacchantian rites, but by a quiet and dignified program of memorial service for those who have fought for the preservation of the Union.

The junior class is planning a picnic for June 5th, which, being registration day, is a holiday. The class will "truck it" to Blue Lakes where the day will be spent. It would seem as though the juniors were guided by the established precedent of the senior class. It is well. The staid and dignified guidance of the seniors would not be out of place in conforming the juniors into a body fitted to take up the duties of the seniors next year.

The baccalaureate sermon will be delivered by the Rev. S. P. Pope in the Baptist church on Sunday evening, June 17th. The other churches of the city will have no service on that evening—a just and fitting acknowledgment of the weightiness of the occasion.

Professor F. F. Nalder, of Berkeley, will deliver the commencement address. He is a well known and learned man, and his address will undoubtedly be interesting and instructive.

Mr. Schoer will give a banquet next Wednesday evening in honor of the five boys who won first places in the meet at Santa Rosa. Some fifteen other guests will enjoy the spread which will come off at one of the local hotels.

The addition to the M. T. D. building was "house-warmed" last Friday evening by the function that came off therein. An entertaining program took place during the early part of the evening, while later on dancing held sway.

The domestic science class of the high school gave an exhibition of their art last Monday afternoon. Quite a program was rendered in the M. T. D. building. Numerous articles of apparel put together by the sewing class made up the exhibit.

Invitations are out for a dancing party to be given next Monday evening by Mr. and Mrs. J. W. Eversole in honor of their daughter, Maybird. A number of the high school students are invited.

Dorothy Thomas and Belle Thompson, two well known sophomores, have decided to emigrate or migrate to Honolulu and to Montana respectively. When recently interviewed, the ladies spoke thusly: Miss Thomas—"After receiving a fourteen page letter from Honolulu, I have decided that I must hie me away. I shall go to Honolulu to dance the festive hula." Miss Thompson—"The wild and wooly Covelo is far too tame for me, I am off for old Montan, where a cowboy's wife I'll be." The last are guaranteed to be her exact words. Though poetical, they show the heart that lies within, for in the springtime ladies' hearts often turn to thoughts of love.

What about the junior college? Are you aware of the fact that such an institution would provide two more years of work accredited in the state universities? Do you know that this district must provide such an institution if the requisite number of pupils agree to attend it? Why not interview the trustees, you who are unable to attend college elsewhere, and yet do not want to rust out here while others are gaining a fuller and rounder knowledge of the world? Have a talk with them and tell them you want the course. Fort Bragg has already planned such an institution. Schools all over the state are contemplating such organizations, but will Ukiah awake from the rut in which she is in and organize such a school? That is the question that must soon be answered.

The sophomore class is planning a picnic to Laurel Dell on Saturday, June 16th.

CAMP GROUND WILL HAVE WATER SOON

The committee having in charge the laying of water pipes in Todd's grove, will have the water there in a few days, according to F. T. Barker. The benefit at the Victory last Wednesday evening netted over $50, which is sufficient to do the work.

Anyone who wishes to contribute to the camp ground fund, which will be used to supply free wood, etc., may leave donations with Mr. Barker.

Mr. and Mrs. Frank Roberts and Mr. and Mrs. Ben Edwards were Lake county visitors in the Roberts car last Sunday.

F. L. Fisk and wife, fo Albion, took in the baseball game here last Sunday.

Ermin White and Ed Aulin came over from Fort Bragg on business last Sunday.

E. A. Gaspar, of Point Arena, was among county seat visitors last Wednesday.

WILLITS BOOSTERS HERE IN FORCE WEDNESDAY

Upwards of fifty automobiles and 250 people from our northern neighbor, Willits, were here last Wednesday evening to boost for their Chautauqua, which is to commence there the 31st of May, next Thursday.

Ukiah greeted them in fitting manner, going out on the highway as far as Forsythe creek with about forty cars and escorting them to town. Upon their arrival here the city was turned over to them. A number attended the picture show at the Victory, the local merchants having bought out the house and reserved seats for them, while others attended the open air concert held in front of the courthouse by Prof. Nurnberger's band.

The younger contingent enjoyed themselves until a late hour at a dancing party given at the Odd Fellows' hall which was arranged in their honor by the young ladies of the H. D. L. club, who deserve much praise for their management of the affair.

Altogether the occasion was a very enjoyable little affair and we hope our visitors from Willits were as pleased as we. More of such occasions should be encouraged, as they promote good feeling between the two cities.

NAVY RECRUITING OFFICERS HAVE SUCCESS HERE

The navy recruiting party, since its stay in Ukiah has met with every success in securing recruits for the naval service. Up to Thursday evening they have examined twelve men and passed seven, three of whom have left for the training station at San Francisco.

The following named men have successfully passed the physical test and will leave just as soon as matters can be arranged here at home: A. E. Stowell, A. S.; J. M. Nevin, A. S.; T. M. Louk, A. S.; A Requa, A. S.; J. M. Fales, A. S.; A. G. DeMerritt, H. A.; L. C. Farrer, Lds. Yeo.

Mr. Farrer's business will be conducted by his brother, John T. Farrar, Jr., during his absence.

It would be of interest locally in knowing that J. L. Duncan and M. M. Carner, both of Covelo, passed the examiners in San Francisco with the honor of being 100 per cent physically, which is something to be exceptionally proud of.

Prospects are that this city will send at least twelve men to the navy before the recruiting office closes tonight.

FIVE PER CENT —FOR CASH

There is but one way to do business—successfully. Which is to pay as you buy. That is the modern way of doing business—it is the foundation on which the biggest and most successful business institutions in the world have been built. It is best for the customer, and best for the dealer.

That is why we have adopted this modern business policy for our garage. In the future we will operate entirely on a cash basis. You pay cash when you buy—we will pay cash when we buy. There will be no more bookkeeping, and we will pay you five per cent for your cash patronage.

our new policy

All supplies, repair work, gasoline and oils must be paid for when purchased. In exchange we will give a cash register receipt showing the amount purchased. These receipts may be "cashed in" at any time at five per cent of their face value. They are payable in cash, repair work, gasoline or supplies, at the customer's option. Those who are economically inclined will find a money-saving hint in this new policy of ours.

We'll admit five per cent is a good discount. But this new policy will permit us to pay cash on our purchases, which means a saving of two per cent. It will eliminate a cost of approximately one per cent in writing up these charge accounts. It will eliminate an additional cost of two per cent in billing and collecting—and more when several calls have been necessary to make a collection. We're merely giving our customers the advantage of this saving.

pay as you buy

Your receipts at the end of the year may total $250, or a fraction over $20 a month, a conservative average. Your cash rebare amounts to $12.50, or more than half a month's upkeep for your car. In other words, every dollar you spend no matter whether for gasoline, repair work or supplies, is costing you only ninety-five cents. This is a simple way to clip off a few cents here and a few cents there, which grow into dollars before you know it.

LAYTONVILLE HAS HIGHEST FLAG POLE IN STATE

Laytonville, May 22—Laytonville claims the distinction of having the highest natural flag pole in Mendocino county. Just back of town above the Covelo road is a hill upon the top of which grows a tall fir tree, something over 100 feet in height. Two 14-year-old boys, Frank Furniss and Wayne Thorp, climbed to the top of the tree and carried "Old Glory" with them. They succeeded in making it fast and there it flies, being visible for several miles. It was a dangerous feat and the boys deserve commendation for both patriotism and courage.

W. D. Frey, a rancher of Covelo, was a Ukiah visitor this week.
